JUDGMENT

V.K.JAIN, J.

1. By this order, I shall dispose of all the eleven suits, referred to above , since they all involve common issues.

CS(OS) No.722/2011

2. The plaintiff in suit no. 722 /2011 Ms. Mauvari Nagamani booked two residential plot admeasuring 240 sq. Yards in AJS City situated on National Highway No. 1, GT Karnal Road, Gaunar, Sonapat (Haryana) @5950 per sq. Yard and paid a sum of Rs4,30,000/- vide two separate cheques. A further payment of Rs 5,82,800 /- was made by her to the defendant, when called upon to make further payment and thus a total sum of Rs. 10,12,800/- was paid for the plots booked with the defendant.

Despite receiving the aforesaid amount from the plaintiff, defendant did not carry out any development work and the plaintiff, therefore, sought refund of entire amount of Rs.10,12,800/- along with interest. The defendant expressed its inability to refund the said amount but persuaded the plaintiff to book an apartment in ‘AJS Hill View Apartments’ complex which it claimed to be developing in Gurgaon. The defendant agreed to transfer the aforesaid amount of Rs. 10, 12,800/- towards booking of two apartments in ‘AJS Hill View Apartments’ in the manner that a sum of Rs. 5,06,400 /- was to be adjusted in respect of the flat to be booked by her husband and a sum of of Rs 5,06,400/- in the respect of the flat to be booked by the plaintiff. The said flats were agreed to be sold @

Rs 2700/- per sqft and the area of the flat was 1500 sqft each. The plaintiff made enquiries in the locality and came to know that at that time, the flats in new projects were being sold in the range of Rs 2600/- to 2800/- per sqft. Later on, the plaintiff made further payment of Rs. 4,18,500 to the defendant by way of two separate cheques. The plaintiff made yet another payment of Rs4,18,000/- on 25.04.2008, thereby raising the total sum paid by her to the defendant to Rs 13,43,400/-. It is alleged that when the plaintiff went to the site where the defendant had to carry out the development work, it was discovered that there was no sign of any construction or development and the site was lying barren, in the same condition in which it was at the time of booking. It is also alleged that the current rate prevailing in the locality which at the time of booking by the plaintiff ranged between Rs2600 – 2800/- per sq yard is now at least RS 4,000/- to Rs 5,000/- per sq. ft . The plaintiff , therefore , sent a notice of demand to the defendant seeking refund of Rs41,33,400/-, which comprised Rs13,43,400/- being the amount paid by her and Rs.27,90,000/-as damages calculated @Rs 1800/- per sq. ft. Since that amount has not been paid, the plaintiff has filed this suit for recovery of the aforesaid amount along with interest.

3. Vide order dated 18.07.2011, the right of the defendant to file the written statement was closed and the plaintiff was directed to file her affidavits by way of evidence.

4. In her affidavit by way of evidence, the plaintiff has supported her case as set out in the plaintiff and has stated that at the time of booking of the flat , the developers in the area were selling flats, in their projects which were under development at that time, within the range of Rs 2600/- to Rs 2800/- per sq. ft. She has further stated that at present,

the prevalent rate in the locality is not less than Rs 4500/- per sq. ft. It has also been stated that when plaintiff went to the spot , it came to her notice that there was no sign of any kind of construction or development activities and the land was lying barren.

5. Ex PW1/2 and PW 1/3 are receipts whereby the plaintiff deposited Rs. 2,15,000/- with the defendant by way of two cheques . Ex PW1/7 is another receipt of payment of Rs 4,18,000/- to the defendant.

6. Ex. Pw 1/1 is the registration form towards registration of the apartment in ‘ AJS Hill View Apartments’ project of the defendant. A perusal of clause 5 of the document would show that the defendant had agreed that in case it is not able to allot the residential plot within 12 months from the date of the application, it will refund the said amount along with the interest @9% per annum for the period of delay, after 12 months from the date of booking .

7. Ex. PW-1/11 , Ex. PW 1/12 and Ex. PW-1/13 are the Brochures filed by the plaintiff to show the current rate of bookings for apartments in Gurgaon at Golf Course Road. 16. There is no evidence of any agreement between the parties with respect to specification of the flat which the plaintiffs had booked with the defendant. The price of flat varies from project to project and sometimes even in respect of flats in the same project. It depends upon host of factors such as location of the plot on which the flats have to be constructed, the quality of the building material to be used , specification as per which the construction is to be raised . the quality of the fittings and fixtures such as electrical fittings, hardware fittings , sanitary fittings , CP Fittings and the amenities to be provided by the builder in the flats. In the absence of evidence of agreement between the parties with respect to the specifications to which the constructions was to confirm, the quality of the material to be used in construction, the specifications of the fittings and fixtures to be installed in the flats and the amenities which the defendant was to provide therein , it is not possible to compare the flats of other builders with the flats which the defendant was supposed to build for the plaintiffs. To take an example, if marble stones/wooden flooring is being provided in a flat, its price would be higher than the price of the flat in which cement/mosaic flooring is to be provided. Even the quality of the marble/wooden flooring may vary from project to project or sometime even flat to flat. To take another example, if superior quality hardware and electrical fittings are to be provided in a flat, the price would be higher compared to the flat in which fittings and fixtures with lower specification and of inferior quality are to be provided. To take ye one more example, if the flat has air-conditioning, its price would be higher than the price of a flat which is not air conditioned. There are many other variables , which affect the

price of the flat. Even on the same road, the location may not be comparable and a flat at a prime location would fetch higher price than compared to that flat at an inferior location. In these circumstances, it is difficult to ascertain as to what would be the exact price of the flats, of the quality and specification which the defendant had agreed to construct in its complex. In their affidavits by way of evidence also, the plaintiffs do not say that as to what were the specifications offered by the defendant at the time when the flats were booked with it. In these circumstances, it would be difficult to say that the flats which the plaintiffs had booked with defendant would have market price of at least Rs 4500 per sq. ft at the time the suit was filed. Therefore, the plaintiffs have not been able to make out a case for award of damages based upon the price the price at which the flat was booked by her and the price of the flats of other builders in Gurgaon.

17. However, since the defendant failed to deliver the flat to the plaintiffs within one year from the date of booking, it is liable to refund the whole of the amount which the plaintiffs had deposited with it along with interest on that amount @9% per annum , with effect from one year after the date of booking till the date of filing of the suit.

18. The following chart would show the principal amount deposited with the defendant, the date of booking, the date from which the interest is payable to the plaintiffs and the amount of interest, in the above eleven suits, which are subject matter of this decision:-
