5. Since we were unable to gather, as to the pleadings that the Petitioner intended to put forth before us, we asked him whether he desires to file the memo of the petition in Marathi language, as we would permit him. He submits that, he was a

(9)

teacher, he is also an LL.B. Graduate and whatever is set out in the petition, is properly pleaded.

6. Hence, we interacted with the Petitioner in Marathi, allowed him to address us in Marathi. It appears that he has a grievance about the Court's orders, which have been passed by various Courts in various writ petitions in between 2015 to 2022. His contention is that, each petition filed before this Court is a bogus petition. He is not party to many of such petitions. He, therefore, concludes by saying that, though certain petitions have been disposed off with speaking orders and some petitions are pending, this Court should take up all these petitions by calling for all these files and this Court should review the orders passed in writ petitions by Co-ordinate Benches, and by declaring that those petitions are bogus, all these petitions should be dismissed and the orders passed by the Co-ordinate Benches, should be quashed and set aside.

7. We find from the record that, earlier the Petitioner was represented by few Advocates from Aurangabad. The Petitioner has levelled allegations against these Advocates and in fact has

pleaded in this petition that, those lawyers should be banned from practicing and criminal action be initiated against them.

8. In view of the above, we cannot entertain this petition. The petitioner is at liberty to deal with each of the causes of action, by taking recourse to the remedies as are provided in law, before the appropriate forum. If he is aggrieved by any judgment or order delivered by this Court in any writ petition, he is at liberty to take recourse to the remedy, as is permissible in law.

9. This petition is dismissed.
