SUBMISSIONS OF LEARNED COUNSEL FOR THE PARTIES

4. Learned counsel for the petitioner(s) contend that the impugned condition (iv) under Sr. No.5 of Appendix ‘B’ of the Punjab Health and Family Welfare Technical (Group ‘C’) Service Rules, 2016 is contrary to Pharmacy Act, 1948 inasmuch as registration with Pharmacy Council is one of the condition. They further contend that requirement under the Pharmacy Act, 1948 is that the person has to be registered with Pharmacy Council of the State. Thus, they contend that Rule of Registration in a particular State for employment is contrary to the Act and arbitrary restrictions have been imposed which are not covered under the Act.

5. *Per contra* learned counsel for the respondent-State contends that the impugned condition in Clause IV under Sr. No.5 of Appendix ‘B’ Punjab Health and Family Welfare Technical (Group ‘C’) Service Rules, 2016 is in consonance with Pharmacy Act, 1948.

But since they were to apply for the post of Pharmacy Officer/Pharmacist in the State of Punjab and one of the essential condition was that the applicant should be registered as Pharmacist with the Punjab Pharmacy Council set up under the Pharmacy Act, 1948, therefore, all the petitioners in the above-numbered writ petitions got themselves registered as Pharmacist with the Punjab State Pharmacy Council, Mohali, but after the cut-off date.

19. Before proceeding further it is required to give introduction as well as statement of objects and reasons in the enactment of Pharmacy Act, 1948.

“INTRODUCTION

In India there was no restriction to practise the profession of pharmacy. One could practise this profession as any other profession. Persons, having no knowledge and having no education in pharmacy or pharmaceutical chemistry or pharmacology, were engaged in this profession. Hundreds of cases were brought to the notice of the Government wherein the compounding, mixing, or dispensing of medicines was being done by persons who were not adequately educated in this line. The system was causing great harm to the health of people by wrong compounding, mixing or dispensing. It was found necessary to enact a law for the regulation of the profession and practice of pharmacy. To achieve this goal the Pharmacy Bill, 1947 was introduced in the Legislature which was later referred to the Select Committee. The recommendations of the Selection Committee were incorporated in the Bill.

STATEMENT OF OBJECTS AND REASONS

It is desirable that, as in most other countries, only persons who have attained a minimum standard of professional education should be permitted to practise the Profession of Pharmacy. It is accordingly proposed to establish a Central Council of Pharmacy, which will prescribe the minimum standards of education and approve courses of study and examinations for Pharmacists, and Provincial Pharmacy Councils, which will be responsible for the maintenance of provincial registers of qualified pharmacists. It is further proposed to empower Provincial Governments to prohibit the dispensing of medicine on the prescription of a medical practitioner otherwise than by, or under the direct and personal supervision of, a registered pharmacist.”

20. A perusal of the above shows that Pharmacy Act, 1948 was enacted for the regulation of the profession and practice of pharmacy. The relevant provisions of the Pharmacy Act, 1948 are reproduced as under:-

21. A perusal of the above shows that as per Section 29 of the Pharmacy Act, 1948, every State is to maintain the register of Pharmacist for the State.

22. A conjoint reading of the object and reasoning behind the enactment of Pharmacy Act, 1948 and Pharmacy Act, 1948, wherein in Section 2(i) 'registered pharmacist' is defined, shows that a person gets the registration as

**CWP-1713-2021 and connected cases****-27-**

Pharmacist in the State in which he is for the time being residing or carrying his profession or business of pharmacy. And that Registration is as per Section 29 of the Pharmacy Act, 1948 which is applicable to all the States. Therefore, as per the requirement of Act, a person can practice in his or her State only when he or she is registered with the Pharmacy Council of that particular State.

23. This is made more clear from the definition under Section 2(f) as referred to above of Medical Practitioner which means a person :-

(i) holding a qualification granted by an authority specified or notified under section 3 of the Indian Medical Degrees Act, 1916 (7 of 1916), or specified in the Schedules to the Indian Medical Council Act. 1956 (102 of 1956); or

(ii) registered or eligible for registration in a medical register of a State meant for the registration of persons practicing the modern scientific system of medicine; or

(iii) registered in a medical register of a State, who, although not falling within sub-clause (i) or sub-clause (ii) is declared by a general or special order made by the State Government in this behalf as a person practicing the modern scientific system of medicine for the purposes of this Act; or

(iv) registered or eligible for registration in the register of dentists for a State under the Dentists Act, 1948 (16 of 1948); or

(v) who is engaged in the practise of veterinary medicine and who possesses qualifications approved by the State Government

Meaning thereby only registered pharmacists are permitted to practice the profession of pharmacy as per the Pharmacy Act, 1948.

NOW COMING TO PUNJAB HEALTH AND FAMILY WELFARE
TECHNICAL, (GROUP ‘C’) SERVICE

24. Under Rule 6 of the Punjab Health and Family Welfare Technical (Group ‘C’) Service Rules, 2016 method of appointment, qualification and experience is provided. The appointment to the service under Rule 6 of the Punjab Health and Family Welfare Technical (Group ‘C’) Service Rules, 2016 shall be made in the manner as specified in Appendix ‘B’. Sr. No.5 of Appendix ‘B’ is reproduced as under:-

Sr. No.	Designation	Percentage for appointment by		Method of appointment, qualifications and experience for appointment by	
		Direct Appointment	Promotion	Direct appointment	Promotion
(1)	(2)	(3)	(4)	(5)	(6)

**CWP-1713-2021 and connected cases****-29-**

25. A perusal of the above shows that one of the qualification for recruitment to the post of pharmacist is that a person should be registered as a pharmacist with the Punjab Pharmacy Council set up under the Pharmacy Act, 1948, which is the requirement of Pharmacy Act, 1948.

26. A perusal of the Pharmacy Act, 1948 as reproduced above shows that it was enacted to secure the system to practice the profession of pharmacy by ensuring that only persons who have attained the minimum standard of professional education should be permitted to practice the profession of pharmacy.

27. After the establishment of Central Council of Pharmacy which prescribes the minimum standard of education and approve the courses of study and examination of Pharmacist, a register would be maintained of qualified pharmacists.

28. Different State Pharmacy Councils were constituted under Section 19 of the Pharmacy Act, 1948. This is the reason why under Chapter IV of Pharmacy Act, which deals with registration of Pharmacist under Section 29 provides for preparation and maintenance of register.

29. Every person who has attained the minimum standard of professional education as per the requirement of Pharmacy Council of India is required to be registered in the register of State in which he is for the time being residing or carrying on his profession or business of pharmacy.

30. Since, it is prescribed under the Pharmacy Act, 1948 to get himself registered in the register of the State in which he is residing or carrying on his profession or business of pharmacy, therefore, condition (iv) at Sr.No.5 of Appendix 'B' in the Punjab Health and Family Technical (Group 'C') Service Rules 2016, for appointment, qualification and experience to the effect that the

**CWP-1713-2021 and connected cases****-30-**

person should be registered as Pharmacist with the Punjab Pharmacy Council set up under the Pharmacy Act, 1948 is not arbitrary.

31. Therefore, we do not find any infirmity in the Condition IV at Sr. No.5 of Appendix 'B' of the Punjab Health and Family Welfare Technical (Group 'C') Service Rules, 2016. The same is upheld.

CONCLUSION

32. Now coming to the present petitions wherein all the petitioners have participated in the selection process and afterwards challenged the Rules. Undisputedly all the petitioners, namely, Harpreet Kaur, Satpal and Mohit Kumar got themselves registered with the Punjab Pharmacy Council on 29.10.2020, 23.10.2020 and 02.11.2020, respectively.

33. The object and reasoning behind the enactment of Pharmacy Act, 1948 is to ensure that only the qualified pharmacists can practice pharmacy and that is why they are required to get themselves registered with the States in which they want to practice. Meaning thereby, as per the requirement of Pharmacy Act, 1948, only registered pharmacist shall be permitted to practice profession of pharmacist.

34. A perusal of the definition of registered pharmacist shows that registered pharmacist means a person whose name is for the time being entered in the register of the State in which he is for the time being residing or carrying on his profession or business of pharmacy.

35. Though, we do not find any infirmity in condition (iv) of Sr.No.5, of Punjab Health and Family Welfare Technical (Group 'C') Service Rules, 2016 wherein a specific condition has been imposed for recruitment as pharmacist that he should be registered as pharmacist with the Punjab Pharmacy Council set up

**CWP-1713-2021 and connected cases****-31-**

under the Pharmacy Act, 1948, whereas this condition in a way would impose bar on the pharmacists who are registered with other States. If reasonable time is not granted to the applicants to get their registration transferred from their State to the State for which they want to apply then that would amount to discrimination with the applicants of other states and it is but obvious that as per the requirement of Pharmacy Act, 1948, one of the conditions in every State for applying for the job of Pharmacist would be to be registered with the Pharmacy Council of that State. And if that being so, no applicant outside the State would be allowed to participate in the selection process. Therefore, justice demands that applicants from other states should be granted reasonable time period which is required as per the procedure for getting their registration transferred.

36. Before parting with the judgment, we observe as under:-

- i) That it is the requirement of Pharmacy Act, 1948 that a person should be registered with the Pharmacy Council of the State in which he is to carry on his profession or business of pharmacy.
- ii) Different persons from different States get themselves registered with their State and as and when there is any recruitment, they get their registration transferred to the State wherein they apply for the job and if required time period for transfer is not granted, in public interest, then it would amount to debarring them from participating in the recruitment of the States other than their own.
- iii) Therefore, the State Authorities are directed not to debar the candidates, who are registered with other States only because they are not registered with their States before the cut off date.

CWP-1713-2021 and connected cases

-32-

Rather they should grant them a period equal to the period, which is required for transfer/change of registration from one State to other, so that they do not suffer inspite of being meritorious.

- iv) There is no infirmity in imposing the condition/requirement of registration with the particular State as pharmacist, whereas debarring others would amount to discrimination.

37. In view of the above, the present writ petitions are dismissed. It is clarified that since the selection process is of the year 2020 and as per condition 8 of the advertisement the qualification of the candidates should be prior to the last date of filling of the applications and one of the basic and professional qualification as per the advertisement is that he should be registered as Pharmacist with the Punjab Pharmacy Council set up under the Pharmacy Act, 1948 and further undisputedly the date of registration with the Punjab Pharmacy Council of all the petitioners in all the writ petitions is after the cut-off date i.e. 31.08.2020. Therefore, they are not entitled to any relief.

38. Pending applications, if any, also stand disposed of.

39. A photocopy of this order be placed on the files of other connected cases.
