**CORAM: HONOURABLE MR. JUSTICE MIHIR KUMAR JHA**  
**ORAL ORDER**

4 12-08-2015

Heard learned counsel for the parties.

Having regard to the nature of allegation for offence under  
Section 135 of the Indian Electricity Act and the fact that in the report  
of the ATC Tower Company, it becomes clear that the petitioner was  
not a mere guard rather electricity connection for the theft of electricity  
was being arranged from his house to the Tower Company, this Court  
would not be inclined to grant privilege of anticipatory bail to the  
petitioner specially when the petitioner even is not prepared to pay the  
amount of loss sustained by the Electricity Company.

That being so, prayer for anticipatory bail of the petitioner  
is hereby rejected.

The petitioner must surrender whereafter his prayer for  
regular bail shall be considered in accordance with law.
