ORAL JUDGMENT

Date: 15-12-2015

The present writ application is pre-mature, in the sense that only against a notice petitioner has rushed to the Court. Now pleadings have been exchanged between the parties and materials which are going to be used and on which reliance is going to be placed, are available to the petitioners.

Let the petitioner first respond to the show cause to facilitate taking of a decision by the competent authority with regard to the allegation of impersonation.

If an adverse order is passed against the petitioner, he will surely have remedy available under law. The Court would not like to preempt or jump to a conclusion.

If the petitioner files show cause within two weeks, then respondents are directed to take a decision within another six weeks thereafter.

Writ application is disposed of in terms of the above liberty and direction.
