CORAM: HONOURABLE MR. JUSTICE AJAY KUMAR TRIPATHI

ORAL JUDGMENT

Date: 08-04-2015

Learned counsel for the petitioners submits that the present application is more of modification application than a review in the sense that a direction was earlier issued upon the General Manager-cum-Chief Engineer of Mithila Area, Electricity Board, Darbhanga to consider the claim of remission of the petitioners. Since then the Board has been disbanded and company has taken shape now the authority competent to take such a decision would be the Chief Engineer, Commercial, North Bihar, Power Distribution Company.

The order dated 12.09.2012 passed in the writ application would now be read to mean the Chief Engineer and not

the General Manager.

Application stands disposed off in terms of above.

(Ajay Kumar Tripathi, J.)
