**CORAM: HONOURABLE MR. JUSTICE SAMARENDRA
 PRATAP SINGH
 ORAL ORDER**

6 03-09-2015 Both the writ applications have been taken up together for disposal.

In C.W.J.C. No.4506 of 2013 there are ten petitioners whereas in C.W.J.C. No. 14867 of 2013 there are 13 petitioners. All the petitioners claim to be the farmers. Their case is that on 22.3.1990 the Bihar State Electricity Board for the welfare of small time farmers took a decision to waive off 75% electric dues, in case the remaining 25% is paid by March, 1990. The petitioners state that in terms of the said decision of the Bihar State Electricity Board dated 22.3.1990, they deposited 25% of the dues. The petitioners further submit that the notification carried out further assurance that after January,1990 no electricity bill would be chargeable to agricultural consumers who have less than 10 acres of land. The petitioners state that they have less than 10 acres of land and they are agricultural farmers, still heavy bills have been raised against them.

Learned counsel for the Board submits that it was subsequently noticed that the villagers misused the relaxation which was granted to help the small farmers. He submits that many persons who would not qualify under notification begun to stake their claim under the said notification and as such the notification was withdrawn at the behest of the State

Government. The said withdrawal was challenged unsuccessfully upto the Hon'ble Apex Court.

In my view, the petitioners have alternative remedy before the Consumer Grievance Redressal Forum. The petitioners would be at liberty to raise their grievance before the learned forum. It will be open for the petitioners to make an interim prayer before the learned Forum.

With the aforesaid observations and directions, these writ applications stands disposed of.
