Order On Board

Per Navin Sinha, Chief Justice

26/08/2015

1. Since the facts in the two Writ Petitions are common including the issues for consideration and the Petitioner is also common, they have been heard together and are being disposed by a common order.
2. The Petitioner was awarded a contract. The contract was terminated. The Petitioner questions the termination as unjustified. The contract in Clause-24 provided for a Dispute Redressal System. The Petitioner has

invoked the same in pursuance of which, the Chief Engineer, Chhattisgarh Rural Road Development Authority has already written to the Superintending Engineer calling for his comments and for hearing to decide the matter.

3. In view of the fact that the Chief Engineer is already in seisin of the matter, the only appropriate order to be passed by us at this stage is to direct the parties to co-operate so that the Chief Engineer is able to pass final appropriate orders in accordance with Clause – 24 within a maximum period of eight weeks from the date of receipt and/or production of a copy of this order, provided the Petitioner himself co-operates.

4. Needless to state that fairness requires that the Chief Engineer is required to deal with all issues that may be raised by the Petitioner especially if he proposes to pass an order adverse to the petitioner, so that judicial review , if necessary is facilitated.

5. The Writ Petitions stand disposed.
