CORAM :- S.C.DHARMADHIKARI, J.

DATED :- JANUARY 30, 2015

P.C. :- (In Chamber)

Having heard both sides, I do not find any reason to clarify the order passed while disposing of the Company Petition and the Company Application. The order is fairly clear and with regard to the remedies that the parties can take recourse to. The facts and circumstances relating to the subsequent development do not enable either of the parties to seek any clarification of the earlier order. All their contentions with regard to the maintainability of the proceedings instituted or pending are open and can be canvased before the appropriate forum/Court. Application disposed of.
