The petitioner's request for correction of the entry in the data bank has been rejected by stating that there is no provision to correct the said entry.

2. Admittedly, the land in question is recorded as *nilam* in the village records and the Data Bank. By Ext.P5, the request of the petitioner is rejected by stating that the Local Level Monitoring Committee has no power to correct the entry relating to the land referred in the Data Bank.

3. This Court is of the view that the Local Level Monitoring Committee has sufficient power to correct the entry relating to the Data Bank. Therefore, the Local Level Monitoring Committee shall reconsider the matter after conducting a site inspection. It has to be found out whether the property is classified as paddy land or not. Appropriate decision shall be taken within two months. It is made clear that this exercise shall be made by the Local Level Monitoring Committee, if the Data Bank is not finally notified.

The writ petition is disposed of as above.
