The petitioner confines his relief to an early consideration of Ext.P10 application filed for renewal of licence. The licence is sought to enable the petitioner to run the metal sand unit for the year 2015-16.

2. The first respondent has filed a counter affidavit to the above writ petition. The respondents maintain the stand that the application for renewal can be considered only after the petitioner removes the waste materials including clay dumped in the property. The petitioner undertakes to remove those materials pointed out by the petitioner within a period of three weeks.

3. The respondents shall consider Ext.P10 application filed for renewal of licence put in by the petitioner with due notice within a period of six weeks from today.

The writ Petition is disposed of.
