ORDER

(Order of the Court was made by The Hon'ble Chief Justice)

We have examined the report sent by the Principal District Judge, Full Additional Charge, Tiruvallur. It is only now that there is a clarity about the situation at site.

2. It is agreed that in order to facilitate the school is confined to a composite area, the dilapidated building marked in Purple in the plan would be reconstructed to ensure the requirements which are met by the school at present from the Blue marked area. This would obviate the requirement of the students crossing the State Highway from one side to the other and also give adequate space to the authorities on the northern side, while reserving the southern area to the school. In fact, this can be the process of even modernising the school and restructuring it.

3. Till that happens, the current arrangements would have to be maintained of the school's working from the triangle kind of portion on the southern side and the Blue marked area on the northern side.

4. The writ petition, accordingly, stands disposed of. No costs. The rough plan attached with the report of the Principal District Judge, Tiruvallur shall form part of the order. We are told that a suit has been filed in a representative capacity and practically, nothing would survive in the suit.
