O R D E R

(Made by The Hon'ble The Chief Justice)

The petitioner seeks compensation towards the loss of agricultural productivity as also for the loss of ecology/environment on account of the discharge of polluted trade effluents from the dyeing and bleaching units in and around Tirupur from the year 1992 onwards.

2. Learned counsel for the second respondent states that the petitioner has approached this Court directly after two decades seeking compensation without even approaching the Loss of Ecology Authority for any claim. In view of that, there can be no question of grant of any relief in this petition. If, however, the petitioner is entitled to any amount as per law, it is open for the petitioner to approach the authority in accordance with law.

3. The writ petition accordingly stands disposed of. No costs.
