This is a petition under Article 215 of the Constitution of India read with Section 10 and 11 of the Contempt of Courts Act 1971 against violation of the orders dated 23.12.2014 Annexure P-1 mandating a consideration on the representation of the petitioner regarding allegations of fraud having been played by the respondent upon her.

The respondent has looked into the allegations and made certain observations in the status report filed. This would largely satisfy the grievance of the petitioner.

However, learned counsel for the petitioner contends that her grievance has not been considered and it is completely new version which is sought to be pleaded.

This Court would have no mechanism to understand or to arrive at a decision whether the allegations made by the petitioner of the version put forward by the respondent is correct or not. Suffice it to say that the respondents have looked into the matter, even though with some delay, the petitioner alleges fraud and, therefore, has remedy in law by approaching the Court of Magistrate under Section 156(3) Cr.P.C in the event of the failure

of the respondent to take notice of her grievance.

The petition is, therefore, disposed of having been satisfied leaving the petitioner to all the remedies available to her in law and the disposal of this present petition or the observations made in any of the proceedings either in the status report or this order would not restrict her to any particular remedy available to her in law.
