CORAM: HON'BLE MR. JUSTICE M.M.S. BEDI.

M.M.S. BEDI, J. (ORAL)

Claiming to be in cultivating possession of the suit land, the petitioners had sought injunction against the defendant- respondents restraining them to interfere in their possession.

The Courts below, taking into consideration the revenue record i.e. khasra girdawaries from the crop verification book passed orders of status quo regarding possession.

Counsel for the petitioners submits that as per khasra girdawaries from Soni crop 2010 till Soni crop of 2014, the petitioners are shown in possession.

I have gone through the orders passed by the Courts below. After going through the record, the Courts below have opted to pass an order regarding maintenance of status quo regarding possession of the property.

Counsel for the petitioners submits that in view of defendant-respondents being large in number claiming themselves to be members of Harijan community, there is an apprehension of breach of status quo order.

After hearing counsel for the petitioners and going through the impugned order and the record produced, I am of the considered opinion that the orders passed regarding maintenance of status quo regarding possession of the suit land is a fair order. In case there is any violation of the status quo order, it will always be open to the party in actual physical possession of a particular specified khewat- khatauni number to initiate action for violation of the order. No ground is made out for interference in the orders passed by the Courts below.

Dismissed. However, the trial Court is directed to decide the suit within a period of one year after the receipt of a certified copy of the order.
