This petition has been filed under Section 482 Cr.P.C. seeking a direction to the State authorities to register FIR against the private respondents alleging that the material used for imparting education services by the petitioner for coaching and training of various courses are also being used by the private respondents.

Counsel has vehemently contended that there is an infringement of Copy right Act.

I have gone through the allegations and Schedule II of the Cr.P.C. which indicate that the offences entail punishment of imprisonment upto three years are non-cognizable.

Counsel for the petitioner has submitted that offences under Sections 406, 409, 468, 470 IPC etc. are also made out.

A perusal of the complaint alleged to have been submitted before the SP, Karnal, Haryana, annexure P-1 seems to be not satisfying the necessary ingredients as to how the forged documents are being prepared and used by any person. Counsel for the petitioner at this stage seeks permission to withdraw the petition with liberty to avail the legal remedy in accordance with law or by submitted a representation indicating the constitution of any substantial offence warranting action by the police.

Disposed of as withdrawn with the said liberty.
