SATISH KUMAR MITTAL, J. (Oral)

It is not disputed that the State Government has already provided funds for installing the rain water harvesting systems at various locations in HUDA Sectors. But it is the case of the petitioner that in some of the Sectors, the rain water harvesting systems installed by the Government and the private owners of the buildings are not properly functioning. Hence, the petitioner has filed this petition seeking direction to the respondents to take appropriate and effective measures to make the rain water harvesting systems functional at various HUDA sectors of Gurgaon.

After hearing learned counsel for the petitioner, we dispose of this petition at this stage, with liberty to the petitioner to submit representation to the HUDA authorities specifying the number of cases,

where in spite of an undertaking given by them for installing the rain water harvesting systems, no such system has been installed. If any such representation is submitted by the petitioner, we hope that the same will be considered and decided by the authorities in accordance with law, expeditiously.
