* **IN THE HIGH COURT OF DELHI AT NEW DELHI**

Decided on: 19th January, 2015

+ **MAC.APP. 1157/2012**

RELIANCE GENERAL INSURANCE CO. LTD.

..... Appellant

Through: Mr.Soumik Mazumdar,
Advocate

versus

RAM BHAROSE & ORS.

..... Respondents

Through: None

**CORAM:
HON'BLE MR. JUSTICE G.P.MITTAL**

J U D G M E N T

G. P. MITTAL, J. (ORAL)

1. The Appellant Reliance General Insurance Co. Ltd. impugns judgment dated 06.09.2012 passed by the Motor Accident Claims Tribunal (the Claims Tribunal) whereby compensation of Rs.8,35,438/- was awarded for the death of Sunil, who died in a motor vehicular accident which occurred on 09.05.2008.
2. At the time of hearing of the appeal, the following contentions were raised on behalf of the Appellant:

- (i) The deceased was not in permanent employment or in settled employment. In the absence of any evidence towards future prospects, no addition was permissible; and
 - (ii) The deceased was a bachelor, the appropriate multiplier ought to have been taken as per the age of mother of the deceased and not as per the age of the deceased.
3. I have the Trial Court Record before me. It was stated in the Affidavit filed by Ram Bharose, father of deceased Sunil that the deceased was working as an employee in a factory manufacturing lipsticks. Ram Bharose further claimed that the deceased was getting a salary of Rs.6,000/- per month. In the absence of any proof of his service, the Claims Tribunal took the minimum wages of a semi-skilled worker under the Minimum Wages Act and computed the loss of dependency, which to my mind, cannot be said to be unreasonable. However, addition of 50% towards future prospects is not permissible in view of the judgment of this Court in *HDFC ERGO General Insurance Co. Ltd. v. Smt. Lalta Devi & Ors.*, (MAC. APP. 189/2014) decided on 12.01.2015, where the question regarding future prospects was dealt with at great length. Paras 13 to 21 of the report in *Lalta Devi* are extracted hereunder:-

13. It may be noted that in *Reshma Kumari & Ors. v. Madan Mohan & Anr.*, (2013) 9 SCC 65; the three Judge Bench was dealing with a reference made by a two Judge Bench (S.B. Sinha and Cyriac Joseph, J.J.). The two Hon'ble Judges wanted an authoritative pronouncement from a Larger Bench on the question of applicability of the multiplier and whether the inflation was built in the multiplier. The three Judge Bench approved the two Judge Bench decision of the Supreme Court in *Sarla Verma (Smt.) & Ors. v. Delhi Transport Corporation & Anr.*, (2009) 6 SCC 121 with regard to the selection of multiplier. It further laid down that addition towards future prospects to the extent of 50% of the actual salary shall be made towards future prospects when the deceased had a permanent job and was below 40 years and addition of 30% should be made if the age of the deceased was between 40-50 years. No addition towards future prospects shall be made where the deceased was self-employed or was getting a fixed salary without any provision of annual increment.

14. Of course, three Judge Bench of the Supreme Court in its later judgment in *Rajesh relying on Santosh Devi v. National Insurance Company Ltd. & Ors.*, 2012 (6) SCC 421 observed that there would be addition of 30% and 50%, depending upon the age of the deceased, towards future prospects even in the case of self-employed persons. It may, however, be noted that in *Rajesh*, the three Judge Bench decision in *Reshma Kumari* (supra) was not brought to the notice of their Lordships.

15. The divergence of opinion was noted by another three Judge Bench of the Supreme Court in *Sanjay Verma v. Haryana Roadways*, (2014) 3

SCC 210. In paras 14 and 15, the Supreme Court observed as under:-

“14. Certain parallel developments will now have to be taken note of. In Reshma Kumari v. Madan Mohan [(2009) 13 SCC 422 : (2009) 5 SCC (Civ) 143 : (2010) 1 SCC (Cri) 1044] , a two-Judge Bench of this Court while considering the following questions took the view that the issue(s) needed resolution by a larger Bench: (SCC p. 425, para 10)

“(1) Whether the multiplier specified in the Second Schedule appended to the Act should be scrupulously applied in all the cases?

(2) Whether for determination of the multiplicand, the Act provides for any criterion, particularly as regards determination of future prospects?”

15. Answering the above reference a three-Judge Bench of this Court in Reshma Kumari v. Madan Mohan [(2013) 9 SCC 65 : (2013) 4 SCC (Civ) 191 : (2013) 3 SCC (Cri) 826] (SCC p. 88, para 36) reiterated the view taken in Sarla Verma [Sarla Verma v. DTC, (2009) 6 SCC 121 : (2009) 2 SCC (Civ) 770 : (2009) 2 SCC (Cri) 1002] to the effect that in respect of a person who was on a fixed salary without provision for annual increments or who was self-employed the actual income at the time of death should be taken into account for determining the loss of income unless there are extraordinary and exceptional circumstances. Though the expression

“exceptional and extraordinary circumstances” is not capable of any precise definition, in Shakti Devi v. New India Insurance Co. Ltd. [(2010) 14 SCC 575 : (2012) 1 SCC (Civ) 766 : (2011) 3 SCC (Cri) 848] there is a practical application of the aforesaid principle. The near certainty of the regular employment of the deceased in a government department following the retirement of his father was held to be a valid ground to compute the loss of income by taking into account the possible future earnings. The said loss of income, accordingly, was quantified at double the amount that the deceased was earning at the time of his death.”

16. Further, the divergence of opinion in *Reshma Kumari & Ors. v. Madan Mohan & Anr.*, (2013) 9 SCC 65 and *Rajesh & Ors. v. Rajbir Singh & Ors.*, (2013) 9 SCC 54 was noticed by the Supreme Court in another latest judgment in *National Insurance Company Ltd. v. Pushpa & Ors.*, CC No.8058/2014, decided on 02.07.2014 and in concluding paragraph while making reference to the Larger Bench, the Supreme Court held as under:-

“Be it noted, though the decision in Reshma (supra) was rendered at earlier point of time, as is clear, the same has not been noticed in Rajesh (supra) and that is why divergent opinions have been expressed. We are of the considered opinion that as regards the manner of addition of income of future prospects there should be an authoritative pronouncement. Therefore, we think it appropriate to refer the matter to a larger Bench.”

17. Now, the question is which of the judgments ought to be followed awaiting answer to the reference made by the Supreme Court in *Pushpa & Ors. (supra)*.

18. In *Central Board of Dawoodi Bohra Community & Anr. v. State of Maharashtra & Anr.*, (2005) 2 SCC 673 in para 12, the Supreme Court observed as under:-

“12. Having carefully considered the submissions made by the learned Senior Counsel for the parties and having examined the law laid down by the Constitution Benches in the abovesaid decisions, we would like to sum up the legal position in the following terms:

(1) The law laid down by this Court in a decision delivered by a Bench of larger strength is binding on any subsequent Bench of lesser or coequal strength.

(2) [Ed.: Para 12(2) corrected vide Official Corrigendum No. F.3/Ed.B.J./21/2005 dated 3-3-2005.] A Bench of lesser quorum cannot disagree or dissent from the view of the law taken by a Bench of larger quorum. In case of doubt all that the Bench of lesser quorum can do is to invite the attention of the Chief Justice and request for the matter being placed for hearing before a Bench of larger quorum than the Bench whose decision has come up for consideration. It will be open only for a Bench of coequal strength to express an opinion doubting the correctness of the view taken by the earlier Bench of coequal strength, whereupon the matter may be placed for hearing before a Bench consisting of a quorum larger than the one

which pronounced the decision laying down the law the correctness of which is doubted.

(3) [Ed.: Para 12(3) corrected vide Official Corrigendum No. F.3/Ed.B.J./7/2005 dated 17-1-2005.] The above rules are subject to two exceptions: (i) the abovesaid rules do not bind the discretion of the Chief Justice in whom vests the power of framing the roster and who can direct any particular matter to be placed for hearing before any particular Bench of any strength; and (ii) in spite of the rules laid down hereinabove, if the matter has already come up for hearing before a Bench of larger quorum and that Bench itself feels that the view of the law taken by a Bench of lesser quorum, which view is in doubt, needs correction or reconsideration then by way of exception (and not as a rule) and for reasons given by it, it may proceed to hear the case and examine the correctness of the previous decision in question dispensing with the need of a specific reference or the order of the Chief Justice constituting the Bench and such listing. Such was the situation in Raghubir Singh [(1989) 2 SCC 754] and Hansoli Devi [(2002) 7 SCC 273].”

19. Similarly, in *Safiya Bee v. Mohd. Vajahath Hussain @ Fasi*, (2011) 2 SCC 94 in para 27, the Supreme Court observed as under:-

“27. However, even assuming that the decision in WP No. 35561 of 1998 did not operate as res judicata, we are constrained to observe that even if the learned Judges who decided WP No. 304 of 2001 did not

agree with the view taken by a coordinate Bench of equal strength in the earlier WP No. 35561 of 1998 regarding the interpretation of Section 2(c) of the Act and its application to the petition schedule property, judicial discipline and practice required them to refer the issue to a larger Bench. The learned Judges were not right in overruling the statement of the law by a coordinate Bench of equal strength. It is an accepted rule or principle that the statement of the law by a Bench is considered binding on a Bench of the same or lesser number of Judges. In case of doubt or disagreement about the decision of the earlier Bench, the well-accepted and desirable practice is that the later Bench would refer the case to a larger Bench.”

20. *In Union of India & Ors. v. S.K. Kapoor, (2011) 4 SCC 589 while holding that the decision of the Co-ordinate Bench is binding on the subsequent Bench of equal strength, held that the Bench of Co-ordinate strength can only make a reference to a larger Bench. In para 9 of the report, the Supreme Court held as under:-*

“9. It may be noted that the decision in S.N. Narula case [(2011) 4 SCC 591] was prior to the decision in T.V. Patel case [(2007) 4 SCC 785 : (2007) 2 SCC (L&S) 98] . It is well settled that if a subsequent coordinate Bench of equal strength wants to take a different view, it can only refer the matter to a larger Bench, otherwise the prior decision of a coordinate Bench is binding on the subsequent Bench of equal strength. Since, the decision in S.N. Narula case [(2011) 4 SCC 591] was not noticed in T.V. Patel

case [(2007) 4 SCC 785 : (2007) 2 SCC (L&S) 98] , the latter decision is a judgment per incuriam. The decision in S.N. Narula case [(2011) 4 SCC 591] was binding on the subsequent Bench of equal strength and hence, it could not take a contrary view, as is settled by a series of judgments of this Court.”

21. This Court in New India Assurance Co. Ltd. v. Harpal Singh & Ors., MAC APP.138/2011, decided on 06.09.2013, went into this question and held that in view of the report in S.K. Kapoor (supra), the three Judge Bench decision in Reshma Kumari & Ors. (supra) shall be taken as a binding precedent.”

4. The deceased has minor siblings i.e. Respondents no.5 to 8. In view of this, the dependency ought to have been as $\frac{2}{3}$ rd instead of $\frac{1}{3}$ rd (*Sarla Verma (Smt.) & Ors. v. Delhi Transport Corporation & Anr., (2009) 6 SCC 121*). The appropriate multiplier in view of the judgment in *HDFC(supra)* again will be as per the age of the mother of the deceased. Paras 24 to 25 of the judgment in *HDFC(supra)* are extracted hereunder:

“24. This issue was gone into detail by this Court wherein the history of awarding reasonable compensation was gone into. This Court referred to a three Judge Bench decision in U.P. SRTC v. Trilok Chandara, (1996) 4 SCC 362; General Manager, Kerala State Road Transport Corporation, Trivandrum v. Susamma Thomas (Mrs.) and Ors. (1994) 2 SCC 176; another three Judge Bench decision of the Supreme Court in New India Assurance Company Ltd. v. Shanti Pathak (Smt.) & Ors., (2007) 10 SCC 1, Sarla Verma (Smt.) & Ors. v. Delhi Transport Corporation & Anr., (2009) 6 SCC 121 and National Insurance Company

Ltd. v. Shyam Singh & Ors., (2011) 7 SCC 65, and in paras 4 to 8 observed as under:-

“4. As far as the selection of multiplier is concerned, the law is settled that the choice of multiplier is determined by the age of the deceased or that of the claimants whichever is higher. There is a three Judges Bench judgment of the Supreme Court in U.P. State Road Transport Corporation & Ors. v. Trilok Chandra & Ors., (1996) 4 SCC 362, where the Supreme Court relied on G.M., Kerala SRTC v. Susamma Thomas, (1994) 2 SCC 176 and reiterated that the choice of the multiplier is determined by the age of the deceased or that of the claimants whichever is more. Para 12 of the report is extracted hereunder:-

“12. For concluding the analysis it is necessary now to refer to the judgment of this Court in the case of General Manager, Kerala State Road Transport, v. Susamma Thomas: (1994) 2 SCC 176. In that case this Court culled out the basic principles governing the assessment of compensation emerging from the legal authorities cited above and reiterated that the multiplier method is the sound method of assessing compensation. The Court observed:

“The multiplier method involves the ascertainment of the loss of dependency or the multiplicand having regard to the circumstances of the case and

capitalizing the multiplicand by an appropriate multiplier. The choice of the multiplier is determined by the age of the deceased (or that of the claimants, whichever is higher) and by the calculation as to what capital sum, if invested at a rate of interest appropriate to a stable economy, would yield the multiplicand by way of annual interest. In ascertaining this, regard should also be had to the fact that ultimately the capital sum should also be consumed-up over the period for which the dependency is expected to last.

The principle was explained and illustrated by a mathematical example:

“The multiplier represents the number of Years' purchase on which the loss of dependency is capitalised. Take for instance a case where annual loss of dependency is Rs. 10,000. If a sum of Rs.1,00,000 is invested at 10% annual interest, the interest will take care of the dependency, perpetually. The multiplier in this case works out to 10. If the rate of interest is 5% per annum and not 10% then the multiplier needed to capitalise the loss of the annual

dependency at Rs.10,000 would be 20. Then the multiplier i.e., the number of Years' purchase of 20 will yield the annual dependency perpetually. Then allowance to scale down the multiplier would have to be made taking into account the uncertainties of the future, the allowances for immediate lump sum payment, the period over which the dependency is to last being shorter and the capital feed also to be spent away over the period of dependency is to last etc. Usually in English Courts the operative multiplier rarely exceeds 16 as maximum. This will come down accordingly as the age of the deceased person (or that of the dependents, whichever is higher) goes up.”

5. There is another three Judges' decision of the Supreme Court in New India Assurance Company Ltd. v. Shanti Pathak (Smt.) & Ors., (2007) 10 SCC 1, where in the case of the death of a bachelor, who was aged only 25 years, the multiplier of 5 was applied according to the age of the mother of the deceased, who was about 65 years at the time of the accident. Para 6 of the report is extracted hereunder:-

“6. Considering the income that was taken, the foundation for

working out the compensation cannot be faulted. The monthly contribution was fixed at Rs.3,500/-. In the normal course we would have remitted the matter to the High Court for consideration on the materials placed before it. But considering the fact that the matter is pending since long, it would be appropriate to take the multiplier of 5 considering the fact that the mother of the deceased is about 65 years at the time of the accident and age of the father is more than 65 years. Taking into account the monthly contribution at Rs.3,500/- as held by the Tribunal and the High Court, the entitlement of the claim would be Rs.2,10,000/-. The same shall bear interest @ 7.5% p.a. from the date of the application for compensation. Payment already made shall be adjusted from the amount due.”

6. *Learned counsel for the Appellant referred to Sarla Verma (supra) in support of the proposition that age of the deceased is to be taken into consideration for selection of the multiplier. As an example the multiplier taken in various cases such as in Susamma Thomas (supra), U.P. SRTC v. Trilok Chandara, (1996) 4 SCC 362 as clarified in New India Assurance Co. Ltd. v.*

Charlie, (2005) 10 SCC 720 and the multiplier as mentioned in Second Schedule to the Motor Vehicles Act were compared and it was held that the multiplier as per Column No.4 in the said table was appropriate for application. Sarla Verma (supra) related to the death of one Rajinder Prakash who had left behind his widow, three minor children apart from his parents and the grandfather. Obviously, the age of the deceased was taken into consideration for the purpose of selection of the multiplier as the deceased left behind a widow younger to him, apart from three minor children. It was not laid down as a proposition of law that irrespective of the age of the claimants, the age of the deceased is to be taken into consideration for selection of the multiplier for calculation of the loss of dependency. It is true that in Mohd. Ameeruddin (supra 2) and P.S. Somanathan (supra 3) and National Insurance Company Ltd. v. Azad Singh (supra 5), the Hon'ble Supreme Court applied the multiplier according to the age of the deceased, yet in view of Trilok Chandra (supra) and Shanti Pathak (supra) decided by the three Judges of the Supreme Court, the judgment in Mohd. Ameeruddin (supra 2), P.S. Somanathan (supra 3) and Azad Singh (supra 5) cannot be taken as a precedent for selection of the multiplier.

7. *In the latest judgment of the Supreme Court in National Insurance Company Ltd. v. Shyam Singh & Ors., (2011) 7 SCC 65, decided on 04.07.2011, the Supreme Court referred to Ramesh Singh & Anr. v. Satbir Singh & Anr.,*

(2008) 2 SCC 667 and held that the multiplier as per the age of the deceased or the claimant whichever is higher would be applicable. Para 9 and 10 of the report are apposite:-

“9. This Court in the case of Ramesh Singh & Anr. v. Satbir Singh & Anr., (2008) 2 SCC 667, after referring to the earlier judgments of this Court, in detail, dealt with the law with regard to determination of the multiplier in a similar situation as in the present case. The said findings of this Court are as under:-

“6. We have given anxious consideration to these contentions and are of the opinion that the same are devoid of any merits. Considering the law laid down in New India Assurance Co. Ltd. v. Charlie, AIR 2005 SC 2157, it is clear that the choice of multiplier is determined by the age of the deceased or claimants whichever is higher. Admittedly, the age of the father was 55 years. The question of mother's age never cropped up because that was not the contention raised even before the Trial Court or before us. Taking the age to be 55 years, in our opinion, the courts below have not committed any illegality in

applying the multiplier of 8 since the father was running 56th year of his life.”

10. In our view, the dictum laid down in Ramesh Singh (supra) is applicable to the present case on all fours.

Accordingly, we hold that the Tribunal had rightfully applied the multiplier of 8 by taking the average of the parents of the deceased who were 55 and 56 years.”

8. Similarly in Manam Saraswathi Sampoorna Kalavathi & Ors., v. The Manager, APSRTC, Tadepalligudem A.P. & Anr., (2010) 5 SCC 785, decided on 26.03.2010, the multiplier of 13 was applied in case of death of a young bachelor where the mother was 47 years of age.”

25. There is no manner of doubt that the appropriate multiplier while awarding compensation for death of an unmarried boy, the multiplier will be selected on the basis of age of the mother of the deceased.”

5. The loss of dependency thus, comes to Rs.2,73,528/-(Rs.3,799/- x 2/3 x 12 x 9).
6. The Respondents are further entitled to a sum of Rs.1,00,000/- towards loss of love and affection, Rs.25,000/- towards funeral

expenses and Rs.10,000/- towards loss to estate. They were not entitled to any sum towards loss of gratuitous services as granted by the Claims Tribunal.

7. The overall compensation is thus, recomputed as under:

S.No.	Head of Compensation	Compensation granted by this Court)
1.	Loss of Dependency	Rs. 2,73,528/-
2.	Loss of Love and Affection	Rs.1,00,000/-
3.	Loss to Estate	Rs.10,000/-
4.	Funeral Expenses	Rs.25,000/-
	Total	Rs.4,08,528/-

8. The overall compensation is hence reduced from Rs.8,35,438/- to Rs.4,08,528/-
9. The excess compensation of Rs.4,26,910/- along with proportionate interest shall be refunded to the Appellant Insurance Company.
10. Rest of the compensation shall be paid to the Respondents (claimants) in terms of the order passed by the Claims Tribunal.
11. The appeal is disposed of accordingly.
12. Pending applications also stand disposed of.

13. Statutory amount of Rs.25,000/-, if any, shall also be refunded to the Appellant Insurance Company.

(G.P. MITTAL)
