Appearance :

For the Petitioner/s : Dr. Anjani Prasad Singh, Advocate

For the Opposite Party/s : Mr. Tapeswar Sharma, APP
=====

CORAM: HONOURABLE MR. JUSTICE ASHWANI KUMAR
SINGH
ORAL ORDER

2 20-05-2016 Heard learned counsel for the petitioner and learned
counsel for the State.

The petitioner seeks bail in connection with Narhat P.S.
Case No.50 of 2013 registered under Sections 328 and 302/34 of
the Indian Penal Code.

It is submitted by the learned counsel for the petitioner
that there is no truth behind the allegations made in the FIR. The
petitioner tried his level best to save the life of the victim, but
unfortunately he died in course of treatment.

On the other hand, learned counsel for the State has
opposed the application for grant of bail to the petitioner. He has
submitted that it is a gross case in which the FIR is based on the
statement given by the victim to his father. The victim had stated

that the petitioner and others had administered milk mixed with poison as a result of which he fallen sick. He has further submitted that the viscera report of the deceased would indicate that the cause of death of the son of the informant was due to poisoning as aluminium phosphide was detected in the fluid sent for viscera test.

I have heard the parties and perused the materials on record.

Regard being had to the serious nature of allegation, I am not inclined to grant bail to the petitioner. Accordingly, the prayer for bail is rejected.

At this stage, it has been submitted by the learned counsel for the petitioner that since the charges have already been framed, the trial may be expedited.

The trial court is hereby directed to hold the trial of the case expeditiously and dispose it of as early as possible.

(Ashwani Kumar Singh, J)
