ORAL ORDER

(Per: HONOURABLE MR. JUSTICE HEMANT GUPTA)

3 27-10-2016

The challenge in the present Letters Patent Appeal is an order passed by the learned single Judge of this Court on 10th January, 2014, in C.W.J.C. No. 19660 of 2012, whereby the declaration of result of 24th Batch of Examination of Munsifs, held in the year 1991, was not interfered by the Court. The appellant was a candidate in 24th Batch of Examination of Munsifs in response to an advertisement published in the year 1991. The appellant invoked the writ jurisdiction of this Court on the basis of marks sheet obtained by him under Right to Information Act in the year 2012 which as per the appellant shows discrepancy in the marks obtained by the appellant in the subject of Hindi.

We do not find that the examination which was conducted in pursuance to the advertisement in the year 1991 and finalized in the year 1994 confer any right to disturb the process

on the basis of information obtained, under Right to Information Act after eighteen years of the declaration of result. The settled things can not be unsettled after long delay.

Consequently, the present Appeal is dismissed.
