ORAL ORDER

and learned counsel appearing on behalf of the

State.

The petitioner being the mother-in-law and
husband of the deceased, are apprehending their
arrest in connection with Chakmehsi P.S. Case No.
20 of 2016 for the offences registered under Sections
302/34 of the Indian Penal Code.

Case dairy of the present case was called for,
which has since been received.

The allegation against them is that they
altogether conspired to kill the deceased lady on

account of some family feud which has been detailed in the first information report.

Learned counsel for the petitioners submits that sister of the informant had been repeatedly telling the informant that there was much torture being meted out to her and she apprehended threat to her life any more.

On the last occasion noting that in the post mortem report, there were no external injuries on the person of the deceased. This court had directed to call for the Viscera report in this case.

Today, Viscera report of the present case has been received, which clearly indicates that the victim lady died due to poisoning as the report states that Ethyl Alcohol alongwith Methyl Alcohol was detected in the contents of plastic jar which had been sent for examination. It has been stated that Ethyl Alcohol is the main intoxicating ingredient of all alcoholic beverages whereas Methyl Alcohol is highly poisonous.

In view of the Viscera report and also the

materials available in the case dairy, I am not inclined to grant anticipatory bail to the petitioners. It is accordingly, rejected.
