CORAM: HONOURABLE JUSTICE SMT. ANJANA MISHRA
ORAL ORDER

6 01-07-2016 Heard learned counsel for the petitioners and learned
Additional Public Prosecutor for the State.

The petitioners apprehend their arrest in connection with a
case registered for the offences punishable under Sections 328/
302/120(B)/34 of the Indian Penal Code.

Case diary along with Forensic Science Laboratory report
was called for which has since been received.

A perusal of the Forensic Science Laboratory report reveals
that the viscera of Shahida Bibi wife of Saheb Ansari contained
Aluminium Phosphide which is commercially known as Celphos.
The said ingredient is highly poisonous.

Considering the Forensic Science Laboratory Report, I am
not inclined to grant anticipatory bail to this petitioner. It is

accordingly rejected.

Let the present Forensic Science Laboratory report be sent to the Court below for being kept on record.

The petitioner, if so desire, may approach the Court for regular bail which shall be dealt with in accordance with law.
