CORAM: HONOURABLE MR. JUSTICE AJAY KUMAR TRIPATHI

ORAL JUDGMENT

Date: 18-02-2016

The Court is not inclined to exercise its discretion
after the results have been declared and rights have been created.

The facts are that the petitioner claims to be a Backward Category
candidate and was an applicant for the post of a General Medical
Officer. Even though a declaration was made with regard to caste,
since the supporting certification was not provided at the relevant
time, the result of the petitioner was declared under General
Category. Now that the petitioner has missed out in that category
he has produced a certificate now being issued to assert a right.

Settled things cannot be unsettled and the petitioner
cannot be rewarded for omission on his part by interfering with

the merit positions after declaration of result.

Writ is dismissed.
