Date : 4th October, 2016

P.C. :

This civil application is taken out by the applicant/ori.
respondent for fixing up a date for final hearing of the petition.
The application is made on the ground that, in the year 2014 the
applicant has superannuated from service and desires to have
an early disposal of the petition. Considering the fact that there
are several other matters of the earlier years pending for final
hearing, the application cannot be allowed on the ground as
stated. The civil application is therefore dismissed.
