CORAM: G.S. PATEL, J
DATED: 4th July 2016

PC:-

1. The Notice of Motion seeks that the Suit be expedited, and other similarly ambitious reliefs. I find that issues have not yet been framed and other pre-trial directions have not been issued. The Petition is of 2013. Three years have already passed. The Petition was renumbered as a Suit in 2014. At least initial directions should be issued without delay.

2. List the Suit for framing issues and other directions high on supplementary board on 8th July 2016.
3. The Notice of Motion is disposed of in these terms with no order as to costs.
