CRM 18299 of 2015

This is an application under Section 5 of the Limitation Act for condonation of delay of 1138 days in filing the revision petition.

A perusal of application does not disclose any sufficient cause for condoning delay in filing the revision petition. Thus, this court is not inclined to accept the application. Even otherwise, custody certificate has been filed by the State. According to same, petitioner has already been released after completing the sentence and having been granted remission of 2 months and 5 days.

Under the circumstances, present application is hereby dismissed. Since the application for condonation of delay has been dismissed, main case does not survive.
