SURINDER GUPTA, J.

Heard.

Learned counsel for insurance company has put forth a short ground while challenging the award that the Tribunal has applied the multiplier while calculating the amount of dependency, as per the age of the deceased. Relying on the observations in case of *Sarla Verma and others Vs. Delhi Transport Corporation and Anr. (2009)6 SCC 121*, the insurance company-appellant has agitated the point that multiplier was required to be applied as per the age of the claimants.

The matter in issue has already been set at rest in case of

Munna Lal Jain and others Vs. Vipin Kumar Sharma and others 2015(3)

RCR (Civil) 447, wherein it has been observed that the Tribunal while calculating the quantum of compensation, has to apply multiplier as per the age of the deceased and not as per the age of claimants.

No other point has been raised.

In view of the above, this appeal has no merits and is dismissed.
