K.Kannan, J. (Oral)

The appeal for enhancement of claim for compensation for person who had suffered fracture of the lower limb requiring hospitalization of 20 days. An assessment of 8% taken as the disability was also reckoned by the Tribunal as constituting a like percentage of loss of earning capacity and the Tribunal has proceeded to determine the loss, provided for full medical expenses and also assessed the non-pecuniary heads. I find the overall assessment made at ₹1,52,149/- accords with evidence and would find no justification for intervention. The appeal is dismissed.
