Present: Mr. Rakesh Handa, Advocate for the review-applicant

This application seeks to review/recall the order dated 02.08.2016 primarily on two counts. With reference to the averments made by this Court in para 13 that the appellants did not apply on time, it is averred that the applicant/appellants had in fact applied on time and the authorities did not consider the same and as such they cannot be made to suffer on that count. This plea as such would not make any difference on the conclusion drawn by this Court, for the University has come up with a categorical stand before us that in the ongoing session, review-applicant/appellant cannot be granted permission for admission for the Session 2016-17.

No case to review/recall the order dated 02.08.2016 is made out.

Dismissed.
