ORAL JUDGMENT

Date : 22-09-2017

Heard counsel for the petitioners and counsel for the State.

Not any kind of certification obtained by a teacher showing himself to acquire training will make him entitled for matric trained scale. Rule is unambiguous, which has been brought on

record as Annexure- A to the counter affidavit of respondent no.5.

Only two years training degree from a recognized institution can confer the status of training, which, in turn, can lead to grant of benefit of matric trained scale. Obviously, since these petitioners do not seem to have obtained training of recognized kind, the certification, which they have obtained, does not in any manner indicate that it is a two year training. It is only a one year training, which they have obtained, which cannot beget them matric trained scale.

Writ application has no merit. It is dismissed.
