CORAM: HONOURABLE MR. JUSTICE VINOD KUMAR SINHA
ORAL ORDER

6 10-05-2017 This is an application for grant of bail for offences punishable under Sections 498A, 304B and 34 of the Indian Penal Code.

Petitioner is husband and allegation against him is that he has caused death of the deceased.

Heard learned counsel for the petitioner.

It has been submitted on behalf of the petitioner that petitioner had never administered any poison to the deceased. As a matter of fact, the deceased had taken some liquid and due to which she died, which appears from paras-16, 25, 29, 34 and 40 of the case diary.

Heard learned A.P.P. as well as learned counsel for the informant. It has been submitted by the learned counsel for the

informant that there is allegation against the petitioner to have demanded dowry and there is cruelty also. There is allegation that he had administered poison to the deceased.

Having heard both sides and from perusal of the viscera report it appears that Zinc Phosphide was detected in dark brown fluid. Zinc Phosphide is a gastro-intestinal irritant. It is used as rat killer and is highly poisonous. In view of the above, I am not inclined to grant bail to the petitioner.

However, learned court below Saran at Chhapra is directed to expedite the trial of the petitioner in connection with Marhowaha P. S. Case no. 321 of 2016 .
