ORDER :

1. We have heard the learned counsel
appearing for the Review Applicant. Though as many

as 7 grounds are taken in the Review Application, during the course of the hearing of the Review Application, learned counsel appearing for the Applicant has confined his arguments to Ground No.6 only. He submits that this Court has made observations in Para-5 of the order under review that, it is for the Petitioner to seek appropriate remedy before the Maharashtra Administrative Tribunal. He further submits that though by taking aid of those observations the Review Applicant can approach the Maharashtra Administrative Tribunal, nevertheless the Writ Petition has been rejected. It is submitted that since Writ Petition has been rejected, the Maharashtra Administrative Tribunal may not entertain the Review Application. Therefore, he submits that this Court may issue necessary clarification.

2. In Para-5 of the order under review, we have observed that, in case the Petitioner is of opinion that some factual errors have been creaped in the impugned Judgment, it is for the Petitioner

to seek appropriate remedy before the Maharashtra Administrative Tribunal. In in our opinion, the apprehension of the counsel appearing for the Review Applicant is misplaced in view of the observations made by us in Para-5 of the order under review.

3. With the above observations, the Review Application stands disposed of.
