CORAM : PRASANNA B. VARALE, J.

DATED: 26 SEPTEMBER 2017

P.C. :

. Not on bard. Mentioned. Taken on board.

2. Learned Counsel by way of praecipe prays for early hearing of the petition, which is filed in the year 2016. The only ground raised for seeking early hearing of the petition is the termination of the employee is unsustainable. The merits of the matter are to be assessed and that can be done at the stage of final disposal of the petition, needless to state that by hearing both the parties. There are the petitions

filed much prior to the petition of year 2016, and awaiting their turn, no ground is coming forth to grant request of early hearing, or out of turn hearing to the petition, which is filed in the year 2016. The request prayer for early hearing of the petition is rejected.
