Civil Application (CAO) No.1309 of 2017 :

The order dated 19-7-2017 passed by this Court clearly states that after a year or two, the appellants would be entitled to make an application for increasing the frequency in respect of the visitation rights as at that stage, the Court did not find any reason to disturb the child who was less than three years of age and was in the custody of the respondents since his birth.

To entertain this civil application, would amount to review of the said order, and hence the civil application is dismissed.
