

W.P.(Filing)Nos.17150 & 17153
of 2017

T.RAJA, J.

Although the writ petitions were filed in the year 2017 and the matters are shown on the board under the caption "WP SR stage default cases", when they were called, none appeared for the petitioner and even the defect(s) pointed out by the Registry has/have not been rectified. Hence, the W.P.(Filing) Nos.17150 & 17153 of 2017 stand rejected for not rectifying the defect(s) pointed out by the Registry and also for not prosecuting the matter for more than two years.
