for the petitioner.

...

MAHESH GROVER, J. (Oral)

One of the prayers made in this writ petition is seeking a mandamus to direct the respondents to prescribe two years experience as Senior Scientific Assistant (Toxicology/Chemistry) for the post of Senior Scientific Officer (Toxicology) and to make necessary amendments in the rules regarding this aspect.

After hearing the learned counsel for the petitioner, we are of the opinion that no such mandamus can be issued, as answering such a prayer as made in the petition is in the domain of the executive. We in the exercise of our jurisdiction under Article 226 of the Constitution of India cannot mandate that a particular condition or qualification in the eligibility conditions be incorporated. Therefore, without commenting on the merits of the case, we leave it to the respondents to consider the representations made by the petitioner or the one that may be made within four weeks from the passing of this

order, and to take a decision thereon in accordance with law as expeditiously as possible, preferably within a period of four months.

Petition stands disposed of.
