The petitioner is a candidate for the recruitment to the post of PGT (History). His grievance is to modify his claim instead of General Category to that of EPBGC category. It is submitted by error that the petitioner's claim has not been marked as EPBGC that his claim under category while submitting application through online. Therefore, he seeks to get it modified and consider his candidature under EPBGC category instead of General category. The very object of filling up of application through online is defeated if the petitioner is to get rectify the category which is not mentioned while filling of the application through online.

Further there is no provision for modification of category from General to EPBGC. Therefore, the petitioner has not made out a case so as to seek any relief in the present petition.
