

**RA-CR No. 173-CII of 2017 in
FAO No. 4307 of 2011**

Dilawar Singh Dhonchak and others Vs. Satyawar and others

Present:- Mr. Mrigank Sharma, Advocate
for the applicant-respondent No. 3

Notice of the review application to learned counsel for the non-applicants-appellants.

Mr. Akshay Jindal, Advocate, who is present in the Court, accepts notice on behalf of non-applicants-appellants/claimants.

The review is sought on the ground that the annual income has been wrongly calculated by taking the income of the deceased-wife as $\frac{2}{3}^{\text{rd}}$ of the monthly income of her husband, whereas, it should have been taken as $\frac{1}{3}^{\text{rd}}$ of the monthly income of the husband.

Learned counsel for the non-applicants-appellants/claimants, concedes that the error has been made while calculating the annual income which has led to wrong calculation of the annual dependency of the deceased.

In view of the above, the judgment dated 15.09.2017, is modified to the extent that in para 17, in second line the expression ' $\frac{1}{3}^{\text{rd}}$ ' should read as ' $\frac{2}{3}^{\text{rd}}$ '. In para 18(a) the annual income should read as 1,39,999/- and in para 18(b) the annual dependency should read as Rs. 19,60,000/-. With these corrections, the total compensation in para 18(f) would read as Rs. 21,85,000/-.

Judgment dated 15.09.2017 is, thus, modified.

Review application is disposed of.

(SUDHIR MITTAL)
