ORDER

%

15.12.2017

The counsel for the petitioner after some hearing submits that he may be allowed to withdraw the petition though submitting that it may be clarified that the observations made by the Civil Judge (trial court) and the first appellate court in the two orders which are subject matter of these proceedings will not be treated as final expression of opinion on merits.

It is trite that such observations having been made in the context of interim application will not bind the parties or be treated as final expression of opinion on merits.

The petition is dismissed as withdrawn.
