HON'BLE MR. JUSTICE R.K.GAUBA

JUDGMENT (ORAL)

1. The appellant was aged 8 years when he suffered injuries in a motor vehicular accident that occurred on 02.12.2008. On the accident claim case (MACT case no.1074/10/09) instituted on his behalf on 02.01.2009, the tribunal held that the injuries had been suffered due to the negligent driving of a motorcycle bearing registration no.DL-8S-T-0194 by the first respondent, the said vehicle being registered in the name of the second respondent and concededly insured against third party risk with the third respondent.
2. The injuries included fractures of mandible bone and fracture of left leg and broken tooth.
3. The tribunal awarded total compensation in the sum of Rs.65,758/- calculating it thus :-

Medical expenses	Rs.1,758/-
Special diet and conveyance charge	Rs.10,000/-
Pain and suffering etc.	Rs.50,000/-
Attendant charges	Rs.4,000/-
Total	Rs.65,758/-

4. The appeal seeks enhancement of the compensation. Concededly and mercifully, there is no disability suffered. On fresh appraisal of the facts and circumstances of the case, this court finds compensation awarded by the tribunal to be just and proper. There is no case made out for any enhancement.

5. The appeal is dismissed.
