ORDER
% **03.08.2017**

Learned counsel for the petitioners submits that there are general allegations levelled in the FIR, No specific role has been assigned to the petitioner. Co-accused persons have already been granted anticipatory bail by a Bench of coordinate jurisdiction, therefore, petitioners may also be given benefit of anticipatory bail.

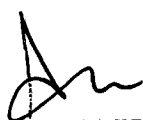

Learned APP has opposed the bail applications. It is submitted that

there is a property dispute between the petitioners and complainant. Petitioners have been specifically named in the FIR that they were trying to take forcible possession of the disputed plot. It is further submitted that petitioners, along with the other co-accused persons, attacked the complainant with *lathis* and *sarias* (iron rods) due to which complainant sustained injuries on his head. It is further submitted that petitioner-Jai Singh had also filed an application for anticipatory bail earlier which was taken up by a Bench of coordinate jurisdiction. However, the said application was withdrawn by the petitioner-Jai Singh after making a statement that he would surrender and thereafter, apply for regular bail. Learned APP further submits that *dandas* and iron rods, which were used in the crime, are to be recovered.

Keeping in mind the serious allegations, I am not inclined to extend the benefit of anticipatory bail to the petitioners.

Both the bail applications are dismissed. Miscellaneous applications are disposed of as infructuous.
