CORAM: HONOURABLE THE CHIEF JUSTICE

and

HONOURABLE MR. JUSTICE RAJEEV RANJAN PRASAD

ORAL JUDGMENT

(Per: HONOURABLE MR. JUSTICE RAJEEV RANJAN PRASAD)

Date: 13-07-2018

Challenge in this batch of Letters Patent Appeals, filed by the Bihar School Examination Board and its authorities (hereinafter referred to as 'the BSEB or the appellant'), is to the common judgment dated 24.08.2017 passed by the learned Writ Court in the analogous writ petitions. Since all the writ applications involved a common question of law and the grounds of attack against the impugned action of the BSEB, the learned Writ Court has disposed off all the writ applications with the consent of the parties as recorded in the impugned judgment.

2. The writ applications were preferred by the aggrieved Senior Secondary/Secondary Schools or the Trusts managing those schools when the 'BSEB' came out with the impugned notification withdrawing or cancelling the affiliation of the schools purportedly in exercise of the powers conferred upon the 'BSEB' under Regulation 15 of the Bihar School Examination Board (Senior Secondary) Affiliations Regulations, 2013 (hereinafter referred to as 'the Regulation, 2013').

3. The learned Writ Court has taken note of the stand of the BSEB in paragraph '8' and onwards in the impugned judgment. According to the BSEB, the decision taken by the appellant/Board is based on a large number of complaints received against various institutions engaged in imparting education to the students up to Class 10th/12th level. The allegations were that they were engaged and involved in certain illegitimate, illegal and backdoor methods in the matter of grant of their affiliation and further complaints were there alleging use of unfair means and malpractices in the course of examination held in these schools. It was contended before the learned Writ Court that earlier the BSEB administration had granted affiliations in favour of 212 schools/colleges where there were absolutely no infrastructure and other facilities available for teaching. This, according to the appellant, was taken seriously by the present Chairman of the Board who under his own guidance conducted a scrutiny, decided to enquire into the availability of infrastructure and other facilities and on receipt of the enquiry report even steps were taken for spot inspection and physical verification.

4. It was further contended before the learned Writ Court that based on the inspection reports, show cause notices were issued to the schools in question calling upon them to submit

their explanations in response to the show cause notice, explanations were received, those were considered by the Board objectively and, thereafter, the Board passed final speaking order cancelling the affiliation in courses of study, granted to the respective institutions.

5. Learned Writ Court having gone through the specific stand of the BSEB which were being seriously disputed by the writ-petitioners called for the original records dealing with the decisions relating to the cancellation of affiliations of the schools/colleges of the petitioners. The records were produced and the learned Writ Court has narrated in detail what has appeared from some of the original records produced by the BSEB. The relevant extracts available in the impugned judgment in paragraph 12, 13, 14, 15 and 16 are quoted hereunder for a ready reference:-

“12. In course of hearing of these cases, Mr. Lalit Kishore, learned Senior Counsel, representing the Board, has submitted that it is true that in some of the cases, the matter was not placed before the Board, i.e., Chairman and other Members of the Board, after receipt of the show cause replies from the respective schools/colleges before cancellation of such affiliations. It has, however, been submitted that at least in 12 cases, the matter was placed before the Board in its meeting held on 22.10.2016.

13. I have perused some of the original records produced by the Board to ascertain the correctness

or otherwise of the stand taken on behalf of the Board that the matters were placed before the Board for consideration. In particular, I have perused original files produced by the Board pertaining to schools which are petitioners In CWJC No. 20312 of 2016 and CWUC No. 5072 of 2017. What has been commonly found in original records of both these cases is that based on enquiry reports of five-member Committee constituted as aforesaid, the Vigilance Officer of the Board put up the file before the Chief Vigilance Officer of the Board proposing to seek show cause replies from the respective schools/colleges. The files ere, thereafter, placed before the Chairman of the Board with the noting "Yatha Prastwait" (as proposed). The Chairman endorsed the view of the Chief Vigilance Officer and accordingly show cause notices were issued to the schools, seeking their explanations against the proposal to cancel their affiliations of the coursed. The show cause replies were received in the Board, which were, again, dealt with by the Vigilance Officer. He, in his noting, dated 15.10.2016, in CWJC No. 20312 of 2016 (Subhash Senior Secondary School Moratalab), recommended for cancellation of affiliation. The Dhief Vigilance Officer approved the proposal, which finally came to be endorsed by the Chairman of the Board. The letters, cancelling the affiliations, were issued, before the meeting of the Board is said to have been held to consider cancellation of affiliations of these schools/colleges.

14. It cannot be, thus, the plea of the Board that

the decisions to cancel affiliations of these schools/colleges were taken by the Board since there is nothing on record to show that before the decision was taken, the matter was placed before the Board.

15. Absence of any noting in the file that the matter was subsequently placed before the Board casts a serious doubt on the stand taken on behalf of the Board that these matters were ever placed before the Board.

16. I have discussed these facts in the very beginning to address the arguments advanced on behalf of the petitioners and the Board on the question of legality of the action in issuance of the impugned letters, cancelling affiliations granted to the concerned schools/colleges.”

6. In view of the admitted position that the matter was not placed before the Board and the Board had no occasion to consider the show cause replies submitted by the respective schools/colleges and that the order of withdrawal or cancellation of the affiliation of the schools were passed only by the Chairman of the Board with a noting “*Yatha Prastwait*” (as proposed), the learned Writ Court has recorded a definite finding that decision to cancel affiliations of the schools/colleges were not taken by the Board. The learned writ Court found that action started at the behest of the Chairman of the Board had ended with his decision to cancel affiliations.

7. The learned Writ Court has reiterated in paragraph 17 of the impugned judgment that **“..... there is no dispute about rest of the schools/colleges affiliations of which have been cancelled by different orders and are there before this Court in the present batch of cases, that the decisions to cancel the affiliations have been taken by the Chairman and not by the Board. Regulation 15 of the Regulations confers upon the Board, power and jurisdiction to withdraw affiliations of the schools/colleges or disaffiliate it in certain circumstances as enumerated in the said Regulations.”**

8. After dealing with the various provisions of the Act and taking note of the Constitution of the Board as provided under 4 of the Bihar School Examination Board Act, 1952 (hereinafter referred to as the ‘Act’), the learned Writ Court has taken a view that the statutory power of cancellation of affiliation can be exercised by the Board constituted under 4 (a) of the Act only. The Chairman of BSEB is a part of the Board and he could not have individually exercised the power vested in the Board. It appears that the writ-petitioners challenged the impugned action of the Chairman of BSEB on an another ground that the Chairman of the BSEB had taken a view as regards the deficiency in infrastructure available to the schools on incorrect information and the view

taken by him that the schools in question had obtained affiliation by furnishing wrong and false information to the Board had no basis to stand.

9. It was their common contention that the statutory committee known as the Committee for affiliation had granted them affiliation only after going through the report of the then inspection committee. The learned Writ Court has upon consideration of the various provisions of the Act and the Regulations and then taking note of the affidavits filed on behalf of the petitioners that they shall remove all the deficiencies and fulfill the conditions of affiliations within different periods of time mentioned therein observed that **“.....The Court expects the Board to consider individual cases of the schools and if it is found permissible, allow them time to remove such deficiencies in terms of proviso to sub-Regulation (4) of Regulation 3 of the Regulations. The Board, for the said purpose, will be required to undertake the exercise afresh to ascertain whether these schools fulfill conditions of affiliation or are in a position to overcome the deficiencies. A positive and constructive approach, if taken by the Board, may have good results in larger public interest. The Board, while taking any decision, must keep in mind whether Government schools and**

Government aided schools do have the infrastructure and teaching facilities to meet the standards of conditions for affiliation.”

10. Referring to third proviso to Section 10C of the Act, the learned Writ Court held that according to said provision before withdrawing affiliation, the students admitted in such schools or institutions shall be allowed to complete their academic sessions and appear at the next examination conducted by the Board and, therefore, taking note of the said provision of Section 10C of the Act the learned Writ Court has directed the BSEB not to overlook the said provisions in any case. It has been held that Section 10C of the Act is an enough indication that the Board does not have power to suspend, with immediate effect, affiliation of a school and the said power cannot be said to be inherent in the Board.

CHALLENGE TO THE IMPUGNED JUDGMENT

11. While assailing the impugned judgment of the learned Writ Court, Mr. Lalit Kishore, learned Sr. Advocate assisted by Mr. Satyabir Bharti, learned advocate on record, submits that the learned Writ could not appreciate that the decision to cancel/withdraw the affiliation of the schools in question were taken only after various complaints were received from different

Stake holders and before passing any order of withdrawal of affiliation, the Chairman of the BSEB had got conducted local inspection and after receipt of the inspection report, the same was made available to the schools in question while calling for their explanations thereon as to why the affiliation of the school be not withdrawn. It is the submission of the learned senior counsel that the decision has been taken in the larger public interest and in view of the detection of the merit scam in the State of Bihar, the decision was required to be taken to do away with the unfairness and malpractices in the matter of affiliations of schools and conduct of the examinations held by the BSEB. It is his submission that no doubt the Chairman of the BSEB is only a member of the Board as envisaged under Section 4 of the Act, still in this case the learned writ Court was not justified in interfering with the impugned action cancelling/withdrawing the affiliation of the schools in question. At the Bar learned senior advocate attempted to justify the impugned action of the Chairman of the BSEB on various grounds of allegations against the schools including that their initial grant of affiliation itself was not above the Board and was a result of extraneous consideration. It is further submitted that the learned Writ Court was not justified in directing the BSEB to consider the case of the petitioners for granting them time to report

the deficiency, if any, prevailing in the matter of running schools in question.

12. On the other hand, learned counsel representing the writ petitioners-private respondent(s) submits that a bare perusal of the impugned judgment would show that even before the learned Writ Court Mr. Lalit Kishore, learned senior advocate representing the Board has admitted to the extent that the matter of cancellation/withdrawal of affiliation was not placed before the Board i.e. the Chairman and other members of the Board, after receipt of the show cause replies from the respective schools/colleges. It is submitted that the power of cancellation/withdrawal of affiliation is vested in a statutory body in form of a 'Board' as envisaged under Section 4 of the Act and when the Statute provides a particular thing to be done in a particular manner, that thing should be done only in the manner provided in the Statute and in no other way. It is submitted that in the present case, the Chairman of the BSEB has acceded his jurisdiction and has in fact usurp the power of the Board in hot haste which has rightly not been approved by the learned Writ Court. It is further submitted on behalf of the private respondents that as regards the time to be granted to the schools/management in question for removal of the deficiencies, the learned Writ Court

has not issued any positive direction to the BSEB and its authorities, the Court has only said that if permissible in terms of proviso to sub-section (4) of the Regulations, while considering individual cases of these schools, time may be allowed to remove such deficiencies. It is submitted by the private respondents that questioning of the affiliations granted to the schools in question at this stage after lapse of a substantial period of time and several years is not just and proper.

13. At this Stage we must record our unhappiness on the attempt having been taken in 2-3 cases on behalf of the private respondents to contend that their cases are different from other cases and therefore the other issues of facts which are involved in their cases are required to be looked into. We find from the impugned judgment that all the writ applications were heard and disposed off with the consent of the parties, till today none of them have filed any review application, as informed to us, before the learned Writ Court seeking review of their individual case on any ground whatsoever. These Letters Patent Appeals are pending for more than six months and at this stage of final hearing when the arguments have been concluded such attempts on the part of the two or three writ petitioners are not well appreciated and cannot be allowed to be agitated keeping in mind the nature of the

controversies and the scope and ambit of interference in these matters at this stage. It is not in dispute that all the cases involved common issues involving common grounds and questions of law.

CONSIDERATION

14. Having heard learned senior advocate on behalf of the appellants, learned counsel for the private respondents and learned counsel for the State, this Court is of the considered opinion that the power of cancellation/withdrawal of affiliation to the schools in question is vested only with the Board ('Board as constituted under Section 4 of the Act'). The Board consists of various members and the Chairman of the BSEB is one of the members of the Board only, therefore after receipt of the show cause replies on behalf of the schools in question their replies were required to be placed before the 'Board' which has not been done in the present case. This is an admitted position and even learned senior counsel for the BSEB has admitted that the matter was not placed before the Board with the show cause replies before the decision was taken by the Chairman for cancellation/withdrawal of the affiliations of the schools. It is well settled by the judicial pronouncements that if the Statute provides a particular thing to be done in a particular manner, the same must be done in the manner provided by the Statute or not at all. In this regard we refer a

judgment of the Hon'ble Supreme Court in the case of **Hukam Chand Shyam Lal Vs. Union of India & Ors.** reported in **AIR 1976 SC 789**. Paragraph 18 of the said judgment is quoted hereunder for a ready reference :-

“It is well settled that where a power is required to be exercised by a certain authority in a certain way, it should be exercised in that manner or not at all, and all other modes of performance are necessarily forbidden. It is all the more necessary to observe this rule where power is of a drastic nature and its exercise in a mode other than the one provided, will be violative of the fundamental principles of natural justice. Now, in the present case, if the telephones of the appellants were to be disconnected on the ground of misuse, then they had to give, in consonance with the principles of natural justice, opportunity to the appellants to explain their conduct before taking action under Rule 427 read with Rules 416 and 421. Resort to the wrong and more drastic course provided in Rule 422, on a ground which was not germane to an action under that Rule, vitiates the impugned order, particularly when it is manifest that in making the impugned order, the General Manager was influenced more by this ground and less, if at all, by the existence of ‘public emergency’ certified by the Delhi Administration.”

15. The same view has been reiterated by the Hon'ble

Supreme Court in the case of **V.T. Khanzode & Ors. Vs. Reserve Bank of India & Anr.** reported in **AIR 1982 SC 917**.

16. We, therefore, do not find any error in the view taken by the learned Writ Court that the impugned action of the Chairman, BSEB in the matter of cancellation/withdrawal of the affiliation of the schools in question cannot be sustained and those are liable to be set aside. Even though learned senior counsel representing the BSEB has attempted to place before us a number of grounds for taking such a decision by the Chairman of the BSEB, we are conscious of the present stage of litigation where this Court has remanded the matter back to the 'Board' constituted under Section 4 of the Act to take a fresh decision and, therefore, we are of the view that it would not be just and proper for this Court to examine or to delve upon the grounds for cancellation which have been sought to be raised before us. We leave it open to the 'Board' to consider the matter afresh after giving an opportunity to the schools in question in accordance with law, consider their replies independently and pass a reasoned order after due consideration to the replies of the schools. Such decision must be taken by the Board within a period of three months from the date of receipt/production of a copy of this order.

17. So far as observations of the learned Writ Court in

paragraph 55 of the impugned judgment is concerned, we are of the considered opinion that the observations made in paragraph 55 be not taken as a mandamus/direction to the respondent Board and to that extent the observations of the learned Writ Court are modified to the extent that the matters relating to deficiencies in the infrastructure and removal thereof are to be dealt with by the Board or the competent authority, as the case may be, in terms of the Act and Regulations in accordance with law. Save and except the above modification in paragraph 55 of the impugned judgment of the learned Writ Court, we do not find any reason to interfere with the rest part of the impugned judgment.

18. All the Letters Patent Appeals are, thus, disposed off in terms stated hereinabove.
