ORDER

The ground on which, the petitioner's request for electricity service connection came to be rejected is that the petitioner had not made the regular facilities of wiring and putting electric motor.

2.Today, when the matter was called, the learned counsel for the petitioner submitted that pending the writ petition, the petitioner had made facilities of wiring works and erection of a motor and that there is no impediment for the respondent to give electricity service connection.

3.The learned Standing Counsel for the second respondent submitted that in case, the regular facilities are available, the respondent will consider the petitioner's application expeditiously.

4.In the light of the above submissions, it would be appropriate to direct the respondents to consider the petitioner's application.

5.Accordingly, the Writ Petition stands allowed and the impugned order dated 25.05.2018, passed by the second respondent is quashed. Consequently, the second respondent is directed to pass fresh orders on the petitioner's application, seeking for electricity service connection. Such an exercise shall be completed within a period of two weeks from the date of receipt of a copy of this order. No costs. Consequently, connected miscellaneous petition is closed.
