The petitioner seeks grant of regular bail in case FIR No. 279 dated 18.11.2017 under Sections 302, 201, 34 IPC registered at Police Station Israna, District Panipat.

The FIR records that the petitioner and one Kuldeep knowingly murdered the brother of the complainant with the help of rotavator machine.

Learned counsel for the petitioner submits that the investigation in this case is complete and the trial is in progress. The complainant has not supported the prosecution version. The petitioner has been in custody since 19.11.2017 and there is no other case pending against him, thus, he may be granted regular bail.

Learned State counsel does not dispute the aforementioned factual submissions. He, however, submits that the rotavator machine was forensically examined and human blood was found in its blades.

Considering the fact that the investigation is complete and that the complainant himself has not supported the case of the prosecution, I deem it appropriate to grant regular bail to the petitioner. Admittedly, there is no other criminal case pending against the petitioner and, thus, it would not be in the interest of justice to keep him in custody during the pendency of the trial, which is not likely

to be concluded at an early date.

The petition is allowed and the petitioner is directed to be released on regular bail on his furnishing bail and surety bonds to the satisfaction of the trial Court concerned.
