This petition is directed against the judgment of the Tribunal dated 13.1.2016.

The petitioner who is a legal representative of the deceased employee claimed benefits of insurance. When he filed a petition he made a wrong assertion that nothing has been paid to his mother after his father's death (employee). It was revealed that Rs.60,199/- has been paid to the petitioner's mother and the dispute centres around the subscription amount which according to the respondents is only Rs.199/- but according to the petitioner more than Rs.6,000/-. The Tribunal disallowed the application primarily on the ground that principal amount stood paid and the petitioner had approached much beyond the date of limitation.

During the pendency of the present petition, the respondents have stated that the total sum of Rs.5020/- which according to them was due to the petitioner has also been released. The petitioner has neither filed any

counter affidavit nor has controverted this fact by projecting the details of the amount due to the him. Hence, looking at the facts in total when substantial amount of the claim of the petitioner has been satisfied, we are of the opinion that the petition does not need to be kept alive any further and the same is hereby dismissed.
