Review Application

This review application seeks to recall/review the order dated 28.11.2016 whereby the writ petition filed challenging the acquisition of the plots, described in para No.1 of the order, was dismissed.

It may be seen from the facts, noticed in paras 3 and 4 of the above stated order, the petitioners failed to produce any material to show that they have constructed residential houses or that they are owners of the acquired land. The instant application has been filed along with copies of mutation to claim ownership. It is well settled that mutation does not confer any title. It was imperative upon the petitioners to place on record the sale deeds, if any, executed in their favour before initiation of the acquisition process. No such material has been placed on record.

No ground to review or recall the order dated 28.11.2016 is
made out.

Dismissed.
