%

By this application the petitioner seeks extension of parole granted to him which is expiring on 5th May, 2018.

A perusal of the documents filed along with the petition would reveal that the petitioner got himself examined with the Neurology and Cardiac Centres of the AIIMS and finally on 24th April, 2018, he was advised blood test for Lipid Profile, Vitamin B12, T3, T4, TSH, Endocrinology opinion, Cardiology opinion with 2D echo test and Holter and to continue Anti Platelets, Anti Hypertensive medicine. From 24th April, 2018 till date these tests have not been got performed.

Considering the medical documents placed on record this Court finds no ground to extend the parole to the petitioner at this stage.

Petition is dismissed.

MUKTA GUPTA, J.
