ORDER

%

03.04.2018

Despite Passover none appears for the petitioner. The order sheets show that the present petition has been pending since October, 2012 and as noted in the last order sheet dated 06.12.2017, it appears that the petitioner is not interested in pursuing this case any further. It also transpires that even after a period of almost six years, notice has not been issued in the petition.

The present petition is dismissed in default as also for non-prosecution.
