**CORAM : PRADEEP NANDRAJOG, C.J. &
NITIN JAMDAR, J.**

DATE : 1st AUGUST, 2019

P.C.

1] The Public Interest Litigation brings forth the problem on non-availability of teachers in schools in tribal areas. Monitoring the Public Interest Litigation since the year 2013, various orders were passed to ensure that the posts of primary and graduate teachers in schools in tribal areas are filled up. The order dated 11th March 2014 records that process to fill up 1000 posts had commenced when an advertisement dated 25th March 2014 would be issued. The Petition came to be tagged with other Public Interest Litigations concerning mal-nutrition of tribal women and children and therefore the issue of appointment of teachers in schools in tribal areas got lost.

2] On 26th April 2019 instant Petition was de-tagged from the other Public Interest Litigations and the same has been placed before the Bench today.

3] Learned counsel for the Petitioner on instructions from the Petitioner states that an affidavit was filed by the Petitioner way back in March 2014 being satisfied with the steps taken to appoint teachers in rural schools in tribal areas.

4] Thus, no further direction needs to be passed in the instant Public Interest Litigation and we close the matter by recording that the purpose of the Public Interest Litigation has been served and the Petition as of today has been rendered infructuous.

5] Order accordingly.

6] File be consigned to the Record Room.
