3. The writ petition is filed challenging the order passed by the respondent/Electricity Board requesting the petitioner to furnish tax receipts and title documents to ascertain whether he is entitled for service connection or not.

4. Without furnishing the documents required by the Electricity Board or any proper explanation for his inability to produce the documents, the petitioner has approached this Court. The Court cannot entertain such request, when the petitioner refused to furnish the documents, which are necessary for providing service connection.

5. If the petitioner furnishes the documents, there may not be any impediment for the Electricity Board to provide service connection to the petitioner.

6. Hence, this Writ Petition is dismissed with liberty to the petitioner to furnish necessary documents and seek for service connection. No costs.
